

Revised and Re-Issued: Request for Proposals for Developing IGCP Communications Strategy.

Introduction

The International Gorilla Conservation Programme (IGCP) is a unique coalition of Conservation International (CI), Fauna & Flora International (FFI) and WWF. Its governance and structure is defined by an Agreement and a strategic plan for the period 2018 – 2024.

IGCP operates in the three countries that share the habitat of the mountain gorillas; Democratic Republic of Congo (DRC), Rwanda and Uganda, and works in close partnership with the Protected Area Authorities of the three countries (Rwanda Development Board, RDB in Rwanda; Institute Congolais pour la Conservation de la Nature, ICCN in DRC; Uganda Wildlife Authority, UWA in Uganda) and the umbrella mechanism for transboundary collaboration through the Greater Virunga Transboundary Collaboration. IGCP also works in partnership with governments and Civil society.

Conservation International (CI), Fauna & Flora International and WWF through IGCP seek to coordinate communications about the work of IGCP- successes, threats and opportunities in the conservation of mountain gorillas to local and global audiences.

The Communication Strategy is meant to build on the existing IGCP Communications Protocol and on many years of success in coordinated communication and further clarify and strengthen communication messages and delivery to target audiences. It shall be exhaustive and will cater for every communication situation both internal and external and it shall be a reference and a living document.

Purpose and Objectives of the Consultancy.

The overall objective of the consultancy is to identify and develop strategies that ensure that right and important information is relayed to the different IGCP audiences (internal and external) appropriately, timely and effectively. And that IGCP coalition partners speak with one voice and establish credibility.
